

KÄRCHER

**THE ONLY PRESSURE WASHERS
BUILT RENTAL TOUGH**

STP Series

Hot Water Pressure Washer Electric Powered | Direct Drive Pump | Portable

THE STP is an extremely popular, economical alternative for an electric-powered hot water pressure washer. While compact in size, the STP provides extra-rugged protection with Kärcher-Shark's unique heavy-duty roll cage made of 1 1/4-inch steel and painted with an epoxy powder coat finish. The frame and chassis come with a limited lifetime warranty. The three models, with electrical configurations of either 120V or 230V, provide cleaning power of up to 2000 PSI and feature a premier Kärcher pump, an industrial-grade Baldor motor and high-efficiency burner. The STP is especially popular among industrial customers because of its size and portability, riding on four tubed pneumatic tires.

Durable, triplex, oil-bath, **Kärcher high-pressure pump**, with three ceramic pistons and forged brass manifold, backed by a limited 7-year warranty

High-quality, **high-efficiency burner** with transformer for years of reliable and affordable operation

36 ft. **electrical cord** with **ground-fault circuit interrupter** for operator safety

Rust-free, 6 gal. **polyethylene tank** for diesel heating fuel delivers hours of uninterrupted operation

Vibration-absorbing 13" tubed **pneumatic tires** for easy maneuvering on all terrains and absorbing vibration

Easy-to-understand illustrated **operating instructions** for multi-lingual operator and owner protection

Durable **hot water coil** made of 1/2-inch, Sch. 80 steel pipe and cold rolled for years of leak-free operation; with **stainless steel coil wrap** and **easy coil access design**

Rugged **chassis and roll cage** with a limited lifetime warranty is made of 1 1/4-inch steel and painted with an **epoxy powder coat finish** for all-weather resistance

Easy-grip handles and lifting point on roll cage makes for easy handling and maneuvering

Heavy-duty, insulated **trigger gun** with fatigue-free handle, rated for 4500 PSI

Enclosed **control panel** with automatic thermostat, hour meter and burner on/off switch

Quick-release couplers and tangle-free, **swivel crimp fitting** positioned on hose for ease of operation

Chrome plated **steel wand** has adjustable, easy-grip handle for hours of fatigue-free washing and **remote adjustment** of the pressure

Safety **rupture disk** attached to discharge side of heating coil protects against excessive pressure

Easy-to-attach downstream **detergent injector** with brass soap nozzle

ETL certified to rigid UL-1776 **safety standards** for pressure washers

50 ft. of **wire-braid hose** rated for up to 4500 PSI, with **safety hose guard** for burst protection

Safety **thermal pump saver valve** protects against hot-water damage by venting recirculated water

High-quality, tamper proof **unloader valve** for operational safety

Keep replacement parts at the tip of your fingers

Our Kärcher-Shark Parts Box includes an assortment of the most commonly used replacement parts—couplers, spray nozzles, and O-rings—all conveniently sorted in a heavy-duty tote box.

U-Seal Technology

Kärcher crank-case pumps now feature new U-Seal technology, giving pumps longer life and better performance.

KÄRCHER

THE ONLY PRESSURE WASHERS BUILT RENTAL TOUGH

STP

Rugged and compact hot water cleaning

The #1 portable and affordable electric-powered hot water pressure washer

The Kärcher-Shark STP Series is a heavy duty electric-driven hot water pressure washer designed for tough environments. The roll cage chassis protects vital components from rough handling and the pneumatic tires makes it easy to move around farm areas, factories and construction yards.

DETERGENTS Fast-cleaning, commercial-grade

Custom formulated especially for pressure washers

Kärcher-Shark's biodegradable detergents are highly concentrated to deliver an extra-fast and economical dimension to your cleaning effectiveness. Graffiti removal is made easy using Kärcher-Shark's unique product formulas that require no extended soak time and can be reapplied immediately.

CYCLONE SURFACE CLEANER

Attaches to a pressure washer to clean flat surfaces faster

The optional Kärcher-Shark Cyclone attaches to a hot or cold water pressure washer (up to 185°F) to clean flat surfaces as much as three times faster than with a wand. Featuring a self-lubricating rotary union, the spray bar whirls at a rate of up to 2000 RPM. It's lightweight with a polyethylene housing and has two pneumatic tires and a sealed swivel caster for easy maneuvering in tight places.

WHY KÄRCHER

The undisputed world leader

Kärcher is a pioneer in high-pressure cleaning equipment inventing the first hot water pressure washer in 1950. Today, Kärcher is the world's largest manufacturer of pressure washers and is the undisputed leader in innovation with more than 300 patents. Kärcher was the only brand of pressure washer invited to perform the first ever cleaning of Mount Rushmore in 2005.

More than 80 hot- and cold-water models!

BENEFITS

Here are the Top 7 reasons Kärcher-Shark is America's #1 name in pressure washers

With the merging of Shark and Kärcher, our customers reap the benefits of a one-stop shop for pressure washer supplies, such as:

1. More than 40,000 different replacement parts and accessories in stock or ready to order when you need them most;

2. A huge selection of more than 80 hot- and cold-water pressure washers;

3. Same-day shipping on more than 30 of our most popular hot- and cold-water pressure washers as part of the popular Kärcher Ship Program (KSP);

4. Competitive pricing on hoses, guns, wands, nozzles, repair kits, and pressure washer components;

5. Stainless steel coil wraps that now come standard on nearly all of our hot-water pressure washers;

6. A wide selection of detergents formulated specifically for pressure washers, including the new portion packs that come in self-dissolving bags for easy storing and mixing;

7. A handy and affordable Kärcher-Shark Parts Box that puts the most often needed pressure washer parts at your fingertips.
