# Fine Finish HVLP Paint Sprayer

## FEATURES

- Adjustable spray gun controls to create fine finishes
- Quick indexing pattern shape adjusts to round, vertical and horizontal shapes
- Material flow adjusts to spray a variety of coatings
- Air flow adjusts for a finer finish
- Stainless steel fluid passages
- Includes accessory kit: wrench, in-line, air flow adjustment and stainless steel needle/nozzle

## BENEFITS

- Ideal for painting fine furniture, cabinets and equipment
- Sprays most finish coatings: lacquers, clear coats, varnishes, enamels, water-borne coatings, stains and oil-based paints
- Pattern size can adjust from 1/4" to 6"
- Low overspray reduces material waste
- No brush strokes, fine finish
