

TrueCoat^{II} & TrueCoat^{Plus}^{II}

HANDHELD AIRLESS SPRAYERS

*Delivers the **BEST SPRAY FINISH**
available on the market today!*

MADE IN THE USA WITH
GLOBAL COMPONENTS

Graco Handheld Sprayers the Best Choice for Small

TrueCoat II sprayers are the *fastest* and *easiest* way to complete your 1-2 gallon painting projects. You will get the same **Pro Quality Finish** as Graco's professional airless sprayers with the ultimate portability to move around on the job.

Sprays Variety of Materials

Stains, acrylics, enamels, oil-based primers and latex*

No Thinning Required

Pour material directly into cup without the need to add water or mineral spirits

One Pass Coverage

Finish fast with one coat to achieve the best quality finish

10X Faster than Brushing or Rolling
Saves you **time** and **money!**

*Compatible with most materials that can be cleaned with mineral spirits or water. Do not use materials which state "flammable" on the packaging.

For patent information, see www.graco.com/patents.

3 EASY START-UP & CLEAN-UP STEPS

Ready to spray
within *seconds!*

Clean-up is easy with
disposable cup liners.

- 1 Insert optional liner and fill the cup with paint.

- 1 Throw away disposable cup liner.

- 2 Attach the cup to sprayer.

- 2 Fill the cup with water.

- 3 Prime** the sprayer and you're ready to spray!

- 3 Reverse the tip and pull the trigger to flush.

**Lift lever and pull trigger to prime.

TrueCoat^{II}

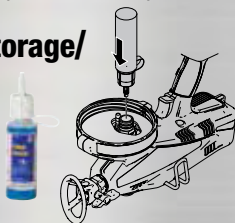

ELECTRIC AIRLESS SPRAYER

Patented ProSpray Technology Delivers

- Same Pro Quality Finish as Graco's professional airless sprayers
- **No Thinning Required** – Sprays material as designed by the paint manufacturer
- Consistent, even spray pattern for one-pass coverage

Pump Armor™ Storage/Start-up Tool

- 32 oz (0.95 l) Cup with Cover and 5 Cup Liners
- 4 oz (0.12 l) bottle Pump Armor
- Shoulder Strap
- How-To Instructional DVD

TrueCoat

REVERSIBLE TIPS

Select the right spray tip for your project.

TrueCoat Reverse-A-Clean (RAC®) Tips come in different sizes to be used based on the thickness of your material and the size of the surface you plan to spray.

Tip Recommendations

Narrow Spray Tip

- For narrow or small surfaces (cabinets, fences, railings, trim) use a 4 to 6 inch narrow (green) tip size. Narrow widths provide sharper definition and more control while spraying.

Wide Spray Tip

- For large surfaces (decks, ceilings, walls), use a 8 to 10 inch wide (black) tip size to move more quickly.

Spray Pattern Direction

HORIZONTAL SPRAY PATTERN

VERTICAL SPRAY PATTERN

Tip Selection Chart

TrueCoat II – Supports 311, 315 and 515

TrueCoat Plus II – Supports 311, 315, 515 and 517

MATERIALS & TIP SIZES***		
THIN	MEDIUM	HEAVY
Thin Stains, Semi-Transparent Stains	Thin Stains, Solid Stains, Thin Latex	Heavy Latex
Narrow (Green)	Narrow (Green) or Wide (Black)	Wide (Black)
311	315, 515	517

*Compatible with most materials that can be cleaned with mineral spirits or water. Do not use materials which state "flammable" on the packaging.

*** For more information about the type of materials that can be used, see the Operation Manual on-line at www.graco.com.

Professional Finish. *Faster. Easier.*

TrueCoat sprayers include the patented, **ProSpray Technology**, similar to Graco's professional contractor-grade paint sprayers. These sprayers deliver a consistent material flow for an even spray pattern producing a higher quality, uniform finish.

You only need one coat to get Pro Quality Finish!

Competitive handheld sprayers have a heavy build-up in the middle that causes noticeable lines in the pattern and finish.

You will need to spray multiple coats to fill-in the noticeable voids in the pattern.

FINISH FASTER

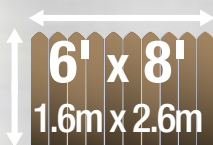

TrueCoat sprayers allow you to finish your projects fast, **10 times faster** than brushing or rolling.

Spray a 8 ft by 8 ft room with latex paint in just **1 minute!**

Spray Latex = 1 min

Spray a 6 ft x 8 ft fence with stain in just **30 seconds!**

Spray Stain = 30 sec

TrueCoat^{II} & TrueCoat^{Plus}^{II} ACCESSORIES

Extend your capabilities by adding accessories to complete the job *faster*.

Material Cups and Liners

For larger applications and less cup fills; includes a cover for storage or use to shake cup for fast cleanup without a cup liner. Quick and easy twist-on cup assembly.

24E374 32 oz (0.95 l) Tilt-N-Spray Cup and Cover

24E375 48 oz (1.42 l) Tilt-N-Spray Cup with Cover

16D562 Material Cup Liners – 10 Pack

Fits either 32 or 48 ounce cups; plastic, disposable cup liners makes clean-up fast and easy.

TrueCoat Reversible Tips

Available in narrow or wide fan sizes to spray thin to heavy, unthinned material. TrueCoat tips are a uniquely designed tip and guard combination that is optimized for use with *ProSpray Technology*.

NAR311 Narrow (Green)

NAR315 Narrow (Green)

XWD515 Wide (Black)

XWD517 Wide (Black)

TrueCoat Spray Extensions

The TrueCoat Extensions extend your reach while spraying ceilings and floors. A patented integrated needle shuts the fluid off at the tip for a crisp pattern with no spitting.

FIXED EXTENSIONS

24F897 12 in (30 cm) Fixed TrueCoat Spray Extension

24F898 24 in (60 cm) Fixed TrueCoat Spray Extension

Exclusive, two-way pivot point design allows you to angle the pole 180° to spray ceilings, walls and floors with a consistent, even spray pattern. *(Tip and guard not included.)*

FLEXIBLE EXTENSION

24F899 12 in (30 cm) Flexible TrueCoat Spray Extension

Articulating extension can easily flex in any direction for hard-to-reach areas and small projects with many angles. *(Tip and guard not included.)*

CanConnect™

Connect any quart can directly to the sprayer.
Easy clean-up – just close the can!

24U163 CanConnect Quart Can Adapter

ProPack Portable Spray Pack

Expands your ability to spray small projects without interruptions. Longer spray times with less refills and less wait!

24F893 ProPack Portable Spray Pack

Tip Filters

Threads directly into the guard and filters paint for less tip plugs. Threads directly into the guard and filters paint for less tip plugs.

24F039 60 Mesh – 3 Pack

24F641 100 Mesh – 3 Pack

Miscellaneous

24E377 Shoulder Strap

Attaches to the front and back of the TrueCoat II and TrueCoat Plus II sprayers for hands-free movement on the job.

243103 Pump Armor – 1 qt (.94 l)

Protects the airless pump during storage. Fill TrueCoat II or TrueCoat Plus II pump with Pump Armor and leave it in until you use it again.

16M816 Pump Armor Storage/Start-up Kit

Clears intake valve at start-up to provide reliable priming every time.

24F078 Electric Storage Case

Durable storage case protects all components inside and is convenient for carrying and storing your sprayer.

Founded in 1926, Graco is a world leader in fluid handling systems and components. Since developing their first portable airless sprayer in 1958, Graco is recognized worldwide as the professional contractor's top choice for spray equipment.

WARRANTY

One (1) year warranty coverage against defects in material and workmanship.
