

HOT POWER WASHER: GAS POWERED, DIESEL HEATED

The **SH Series** is a portable power washer with a small footprint, ideal for use where electric power is not available. An industry trusted Vanguard engine provides power to the direct-drive pump and thermostatically controlled 12VDC burner and includes a 20amp charging circuit. The stainless wrapped 1/2" SCH 80 steel coil heats water up to 250°F. You will experience extended burner run time with the large diesel tank. Its rugged powder coated frame has a lifting point, integrated hose hooks and a wheel kit is included for portability. *Requires group 24 550CCA battery, not included.*

Dimensions: 39"Lx27"Wx45"H

Standard Features:

- High temperature adjustable thermostat, up to 250° wet steam
- Stainless steel coil enclosure
- Heavy duty spray wand, gun, quick connect nozzles, 50' pressure hose
- Wheel kit and integrated hose hooks
