 Features

- 2.8 or 3.5 GPM @ 2000 or 3000 PSI
- Oil Fired Burners
- 208V or 230V, 1PH
- 4 to 8.2 HP
- 1330 or 1490 RPM Belt Drive Pumps

795SS, 895SS

and 790SS Hot Water Pressure Washers

Electric / Belt Drive

- Pressure relief valve protects the machine and user from thermal expansion
- Upright, oil fired burner delivers high efficiency with diesel fuel, kerosene or home-heating oil
- Control panel includes adjustable temperature control plus heavy-duty heater and pump motor switches
- Rugged belt drive provides smooth, quiet operation and outstanding reliability
- High quality float valve helps maintain constant pressure and flow and traps sediment or debris. It is recessed at center of chassis for protection and balance
- Upright, oil fired burner delivers high efficiency with diesel fuel, kerosene or home-heating oil
- Ground Fault Circuit Interrupter (GFCI breaker) provides additional protection against shock hazard
- Hotsy-designed Triplex pumps carry a 7-year limited warranty
- Pneumatic tires with inner tubes provide easy maneuverability over pavement or rough terrain
- Variable upstream detergent injection ensures high-pressure sudsing
- Belt tension adjusts easily by turning a single bolt
- Rust-proof cross linked polyethylene fuel tank eliminates condensation that can contaminate fuel. Fuel gauge in cap.
- Built-in wand and nozzle holders provide convenient storage

Model 795SS
3.5 GPM @ 2000 PSI

Model 895SS
3.5 GPM @ 3000 PSI

1330 or 1490 RPM Belt Drive Pumps

Clean better with Hotsy detergents

Hotsy pressure washers and parts washers clean best when matched with specially formulated Hotsy detergents. More than 40 liquids and powders meet every cleaning need imaginable. Nearly all contain Hotsy’s exclusive advanced-formula HCC additives to help prevent scale build-up and to fight corrosion in your equipment. Most Hotsy detergents are USDA and Canadian Agriculture approved. All are highly concentrated, so a little goes a long way.

**Hotsy Accessories** customize your application for top performance

- Upright burner design
- Industry’s best heat exchanger
- Easy service design, accessible components
- Hotsy designed & specified components

---

**Options:**

- 8” Oil-Fired Draft Dampener prevents backdrafts and keeps cold air out.
