Details

Kärcher's Xpert series is a professional-grade line of cold water pressure washers. Powered by reliable EZEE pull start Honda engines, you may choose between 160CC units with axial pumps or 196CC and 389CC units with Kärcher crankcase pumps. These Xpert units feature commercial-duty guns and wands and come with downstream chemical injectors and four hardened stainless steel quick-couple nozzles, and feature 25' or 50' of contractor-grade hose rated for 4,000 PSI. The precision welded frames and pneumatic tires make these pressure washers easy to maneuver over all types of terrain, yet they are compact enough to fit in the trunk of most cars. ETL certified to UL-1776 safety standards.
