**THE ONLY PRESSURE WASHERS
BUILT RENTAL TOUGH**

SGP Series Hot Water Pressure Washer

Gasoline Powered | Direct Drive Pump | Portable

THE SGP is Kärcher-Shark's solution to the demand for versatility and portability in a compact hot water pressure washer. In fact, there are two extra-compact SGP models that weigh in at only 400 lbs. and, thanks to revolutionary engineering, can operate without the need for a battery. All models are protected by a rugged steel, single-piece, roll cage and are easy to maneuver with four oversized, 13-inch tubed pneumatic tires. The SGP also features an industrial-grade direct-drive pump, an enclosed control panel with adjustable thermostat and hour meter, a high-efficiency 12V DC Beckett burner, and a leak-free, cold-rolled hot water coil made of half-inch Schedule 80 steel pipe.

Safety **rupture disk** attached to discharge side of heating coil protects against excessive pressure

Durable **hot water coil** made of 1/2-inch, Sch. 80 steel pipe and cold rolled for years of leak-free operation; with **easy coil access** design

Rugged all-steel **chassis and frame** with lifting point and limited lifetime warranty; painted with black **wrinkle paint** for all-weather protection

Heavy-duty, insulated **trigger gun** with fatigue-free handle and rated for 4500 PSI

Enclosed **control panel** with **automatic thermostat, hour meter** and burner **on/off switch**

Easy-to-understand illustrated **operating instructions** for multi-lingual operator and owner protection

Chrome plated **steel wand** has adjustable, easy-grip handle for hours of fatigue-free pressure washing

Four **vibration isolators** mounted under the engine reduce vibration, wear and tear on components

Rust-free, 6-gallon **polyethylene tank** for diesel heating fuel

Easy-to-attach downstream **detergent injector** with brass soap nozzle

50 ft. of **wire-braid hose** rated for up to 4500 PSI, with **safety hose guard** for burst protection

Safety **thermal pump saver valve** protects against hot-water damage by venting recirculated water

High-quality, tamper proof **unloader valve** for operational safety

7 YEAR PUMP WARRANTY
Durable, triplex, oil-bath, Kärcher **high-pressure pump**, with three ceramic pistons and forged brass manifold, backed by a limited 7-year warranty

Certified to UL-1776 Safety Standards

Powered by **HONDA ENGINES**

Reliable **Honda engine** on most models with three-year limited warranty features low-oil alert and silent-tone muffler

Vibration-absorbing 13" tubed **pneumatic tires** with **steel wheels** for all-terrain maneuvering

Keep replacement parts at the tip of your fingers

Our Kärcher-Shark Parts Box includes an assortment of the most commonly used replacement parts—couplers, spray nozzles, and O-rings—all conveniently sorted in a heavy-duty tote box.

U-Seal Technology

Kärcher crank-case pumps now feature new U-Seal technology, giving pumps longer life and better performance.

* Extra-compact frame

+ Only model that ships with battery

Dimensions: 46"L x 28"W x 44"H; Compact frame 39"L x 28"W x 42"H

KÄRCHER

THE ONLY PRESSURE WASHERS BUILT RENTAL TOUGH

SGP

Extra-compact models — no battery needed

Revolutionary technology allows the burner to function without a battery

Two extra-compact models of the SGP series weigh less than 400 lbs. and, thanks to revolutionary technology, use power from its Subaru engine to operate the burner. While small in size, these two compact models are still rugged in every way.

DETERGENTS Fast-cleaning, commercial-grade

Custom formulated especially for pressure washers

Kärcher-Shark's biodegradable detergents are highly concentrated to deliver an extra-fast and economical dimension to your cleaning effectiveness. Graffiti removal is made easy using Kärcher-Shark's unique product formulas that require no extended soak time and can be reapplied immediately.

CYCLONE SURFACE CLEANER

Attaches to a pressure washer to clean flat surfaces faster

The optional Kärcher-Shark Cyclone attaches to a hot or cold water pressure washer (up to 185°F) to clean flat surfaces as much as three times faster than with a wand. Featuring a self-lubricating rotary union, the spray bar whirls at a rate of up to 2000 RPM. It's lightweight with a polyethylene housing and has two pneumatic tires and a sealed swivel caster for easy maneuvering in tight places.

WHY KÄRCHER

The undisputed world leader

Kärcher is a pioneer in high-pressure cleaning equipment inventing the first hot water pressure washer in 1950. Today, Kärcher is the world's largest manufacturer of pressure washers and is the undisputed leader in innovation with more than 300 patents. Kärcher was the only brand of pressure washer invited to perform the first ever cleaning of Mount Rushmore in 2005.

More than 80 hot- and cold-water models!

BENEFITS

Here are the Top 7 reasons Kärcher-Shark is America's #1 name in pressure washers

With the merging of Shark and Kärcher, our customers reap the benefits of a one-stop shop for pressure washer supplies, such as:

1. More than 40,000 different replacement parts and accessories in stock or ready to order when you need them most;

2. A huge selection of more than 80 hot- and cold-water pressure washers;

3. Same-day shipping on more than 30 of our most popular hot- and cold-water pressure washers as part of the popular Kärcher Ship Program (KSP);

4. Competitive pricing on hoses, guns, wands, nozzles, repair kits, and pressure washer components;

5. Stainless steel coil wraps that now come standard on nearly all of our hot-water pressure washers;

6. A wide selection of detergents formulated specifically for pressure washers, including the new portion packs that come in self-dissolving bags for easy storing and mixing;

7. A handy and affordable Kärcher-Shark Parts Box that puts the most often needed pressure washer parts at your fingertips.
